The Koschatzky Art-Award („KA“) is a competition held every two years since 2005, which aims to honour and promote young emerging artists up to 35 years of age. Approx. 2,400 works by approx. 800 artists from approx. 80 countries are submitted to the jury of the KA. The Koschatzky Art Award is the largest graphic art award in Europe and has already served as a springboard for many artists for an international career. The Rotary Club Wien-Albertina has launched this initiative and is now organizing the KA'21 together with the Rotaract Club Wien-Albertina for the 9th time.
